

# Eczema Area and Severity Index (EASI) score sheet

EASI is a validated scoring system that uses a defined process to grade the severity of the signs of atopic dermatitis and the extent of skin involvement<sup>1,2</sup>

Hospital No:	Patient's name:	Date:	Recorded by:
--------------	-----------------	-------	--------------

<b>Severity score</b> Grade each sign on a scale of 0 to 3: 0 = None/clear 1 = Mild 2 = Moderate 3 = Severe	<b>Area score</b> Each body area has potentially 100% involvement. Score 0 to 6 based on the following: <table border="1"> <tr> <td>% involvement</td> <td>0</td> <td>1-9%</td> <td>10-29%</td> <td>30-49%</td> <td>50-69%</td> <td>70-89%</td> <td>90-100%</td> </tr> <tr> <td>Region score</td> <td>0</td> <td>1</td> <td>2</td> <td>3</td> <td>4</td> <td>5</td> <td>6</td> </tr> </table>	% involvement	0	1-9%	10-29%	30-49%	50-69%	70-89%	90-100%	Region score	0	1	2	3	4	5	6
% involvement	0	1-9%	10-29%	30-49%	50-69%	70-89%	90-100%										
Region score	0	1	2	3	4	5	6										

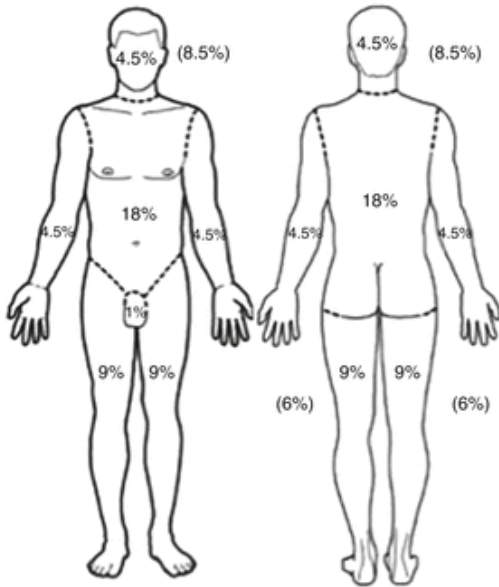

Calculate EASI<sup>1,2</sup>

Body region	Erythema (0-3)	Oedema/Papulation (0-3)	Excoriation (0-3)	Lichenification (0-3)	Severity score sum	Region score (0-6)	Severity score sum X Region score	Multiplier	Total score per body region
Head/neck								x 0.1 <small>(if ≤7 yrs, x 0.2)</small>	
Trunk								x 0.3	
Upper extremities								x 0.2	
Lower extremities								x 0.4 <small>(if ≤7 yrs, x 0.3)</small>	
<b>The final EASI score is the sum of the 4 region scores (0-72):</b>									

Interpret EASI<sup>3</sup>

Clear	Almost clear	Mild	Moderate	Severe	Very severe
0	0.1-1.0	1.1-7.0	7.1-21.0	21.1-50.0	50.1-72.0

## Severity Scoring of Atopic Dermatitis index (SCORAD)

**A: Extent** (percentage of area involved)

Figures within parenthesis are used  
For children under 2 years

**B: Intensity**

Criteria	Intensity	Means of Calculation
Erythema		Intensity items [average representative area 0=Absence 1=mild 2=moderate 3=sever
Edema/papulation		
Oozing/Crusting		
Excoriations		
Lichenification		*Dryness is evaluated on uninvolved skin
Dryness*		

**C: Subjective Symptoms** (Pruritus and Sleep loss)

Visual analog scale (average for the last 3 Days or nights)	Pruritus (0-10) <input type="text"/>	<input type="text"/>
	Sleep Loss (0-10) <input type="text"/>	<input type="text"/>

**SCORAD :  $A/5 + 7B/2 + C$**
